Deck meeting.

Quando si vuole arredare con stile uno spazio ufficio dove incontrare e collaborare, si cercano soluzioni sempre versatili, pratiche e facili da realizzare. Proprio quello che offre Deck, una famiglia di prodotti caratterizzati dal design pulito e dalla linea snella, a partire dalla gamba 60x20, disponibile per tutti gli abbinamenti sia lineare che inclinata, da abbinare ai piani in spessore 25/30, con tante finiture a scelta.

Look for solutions that are always versatile, practical and easy to implement when you want to furnish an office space where you can meet and collaborate with style. This is exactly what Deck offers, a series of products characterized by a clean design and slim lines, starting from the 60x20 leg available for all combinations, both linear and inclined, to be combined with 25/30 thickness tops, with many finishes to choose from.

DECK TAVOLI RIUNIONE - DECK MEETING TABLES

Scegliere la facilità

Choosing ease

Con finiture a colori ed effetto legno, tante misure e diverse combinazioni possibili, un tavolo meeting Deck è sempre molto personale. Uguale per tutti invece è la praticità della trave sottopiano canalizzata, i colori bianco, grigio o antracite delle gambe e soprattutto la facilità di montaggio, grazie ad un innovativo sistema ad incastro.

With color and wood effect finishes, many sizes and different possible combinations, a Deck meeting table is always very personal. The practicality of the channeled under-top beam is the same for all, white, grey or anthracite colours of the legs and above all easy to assemble due to an innovative interlocking system.

Top in light durmast melamine, anthracite legs.

Deck operative.

La scrivania è un mondo personale, dove l'organizzazione dello spazio favorisce l'attività e l'estetica genera piacere. Deck propone piani con tre profondità diverse, da 600-700-800 mm, per trovare la combinazione perfetta per le proprie esigenze, anche con tonalità particolari su progetto, come un insolito tono di rosa. Lo stile è completato dalla personalizzazione delle gambe, lineari oppure inclinate.

A desk is a personal world, where space organization favors activity and aesthetics generates pleasure. Deck offers tops with three different depths, 600-700-800 mm, to find the perfect combination for your needs, even with special shades upon design, such as an unusual shade of pink. The style is completed by the customization of the legs, linear or inclined.

DECK SCRIVANIE OPERATIVE - OPERATIVE DECK DESKS

La scrivania vi assomiglia

The desk looks like you

Comporre, creare, scegliere: le scrivanie operative Deck sono progettate per permettere combinazioni diverse, perfette per l'ufficio ma anche per l'home office, che includono pratiche cassettiere, vani portaoggetti e accessori come gli screen in metacrilato, melaminico o materiale fonoassorbente. Le gambe sono disponibili in tre colori, nero, grigio o antracite, per completare lo stile con un tocco personalizzato.

Compose, create, choose: Deck operative desks are designed to allow different combinations, perfect for the office but also for the home office, which include practical drawers, storage compartments and accessories such as screens in methacrylate, melamine or sound-absorbing material. The legs are available in three colors, black, gray or anthracite, to complete the style with a personalized touch.

Top in blue melamine finish, drawer unit in blue melamine finish, white legs. Screen in white melamine finish. Lockers in white melamine finish.

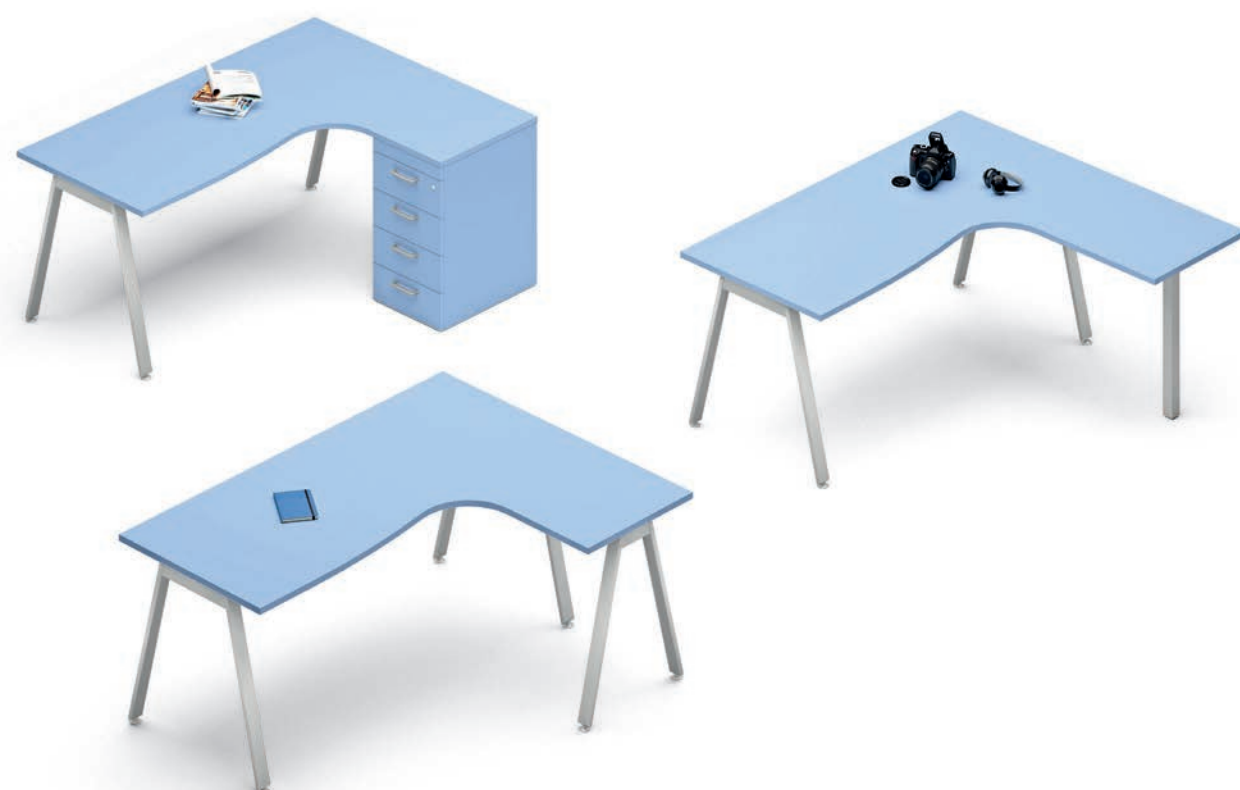

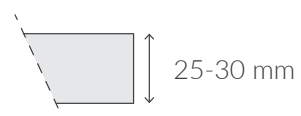

DECK OPERATIVE WORKSTATION

Una scelta confortevole ed estetica

A comfortable and aesthetic choice

I piani sagomati della famiglia Deck offrono una piacevole variazione estetica ma anche un vantaggio ergonomico, perché si adattano alle più diverse esigenze di operatività e spazio. Le workstation possono essere anche dotate di pratiche cassettiere con serratura e di screen con proprietà fonoassorbenti, che aumentano la riservatezza e il comfort di lavoro, oltre a diventare elementi di decorazione.

The shaped tops of the Deck series offer a pleasant aesthetic variation but also an ergonomic advantage, because they adapt to the most diverse operational and space needs. The workstations can also be equipped with practical lockable drawer units and screens with sound-absorbing properties, which increase privacy and working comfort, as well as becoming decorative elements.

**Piani in melaminico finitura blu,
gambe verniciate grigio.**
Tops in blue melamine finish, grey legs.

**Piani in melaminico finitura bianco.

Deck benches

Piani in melaminico finitura extra, gambe verniciate antracite.
 Screen fonoassorbente Trevira 0353.
 Cube serie Royal in melaminico finitura extra.
 Tops in extra melamine finish, anthracite legs.
 Screen in sound absorbing Trevira fabric 0353.
 Royal series cube in extra melamine finish.

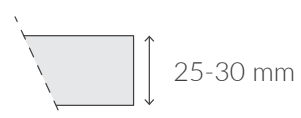

DECK OPERATIVE BENCHES

Spazio per tutti, ordine per tutto

Space for everyone, tidyness for everything

La gamma dei benches è ispirata ad un'estrema modularità: basta aggiungere un allungo, lineare o sagomato, e lo spazio diventa subito più grande, mentre gli screen possono essere disposti anche in modo trasversale, per creare più privacy. Le gambe lineari o inclinate lasciano tanto spazio libero e gli elementi complanari, bassi, alti e con vano a giorno, diventano preziosi contenitori a portata di mano.

The benches range is inspired by extreme modularity: just add a linear or shaped extension and the space immediately becomes larger, while the screens can also be arranged transversally to create more privacy. The linear or inclined legs leave plenty of free space and the coplanar elements, low, high and with open compartments, become precious containers within reach.

Piani in melaminico finitura noce chiaro, gambe verniciate grigio.
Screen fonoassorbenti Trevira 0358.
 Tops in light walnut melamine finish, grey legs.
 Screen in sound absorbing Trevira fabric 0358.

DESCRIZIONI TECNICHE

Tavoli riunione

Piani realizzati in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 25-30 e rivestito con carta melaminica ad alta resistenza.

Bordi perimetrali in ABS dello stesso colore del piano, spessore mm 2 con spigoli arrotondati secondo le norme antinfortunistiche.

Struttura metallica con gambe a "Ponte" o "Inclinata" realizzata con tubo verticale o inclinato sezione 60x20, traverso orizzontale sezione 70*30.

La struttura è verniciata a polveri epossidiche colore grigio, bianco o antracite ed è dotata di piedini livellatori. Trave sotto piano canalizzata, realizzata in lamiera presso piegata sezione 80x35. Travi fisse per i tavoli riunione monoblocco, telescopica per i tavoli riunione composti. Le travi sono verniciate a polveri epossidiche colore grigio, bianco o antracite. Gamboni portanti per raccordi in tubolare sezione 50x50 verniciati a polveri epossidiche colore grigio, bianco o antracite e dotati di piedino livellatore.

Scrivanie

Gamboni portanti per raccordi in tubolare sezione 50x50 verniciati a polveri epossidiche colore grigio, bianco o antracite e dotati di piedino livellatore.

Modesty panel disponibile per applicazione nelle scrivanie delle varie lunghezze in melaminico sp. mm 18

Cassettiera portante per scrivanie, appendici e workstation

Cassettiera portante costituita da base, cappello, fianchi e retro realizzata in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 0.4. Frontali in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 1. Interno cassetto realizzato in conglomerato ligneo ricoperto in PVC grigio e fondo in MDF sp. 3mm. Sistema di scorrimento su guide metalliche, trattate anticorrosione, a rullo con cuscinetti in nylon, e arresto di fine corsa. I cassetti possono essere dotati di chiusura ammortizzata (opzionale).

TECHNICAL DESCRIPTIONS

Meeting tables

Tops made of wood conglomerate, class E1 formaldehyde release, thickness mm 25-30 and covered with high-strength melamine paper.

ABS perimeter edges in the same color as the top, thickness mm 2 with rounded edges according to accident prevention standards.

Metal structure with "Bridge" or "Inclined" legs made with vertcal or inclined tube section 60x20, horizontal crossbeam section 70*30.

The structure is epoxy powder coated grey, white or anthracite color and is equipped with leveling feet. Channeled under-top beam made of press-bent sheet metal section 80x35. Fixed beams for one-piece meeting tables, telescopic beams for compound meeting tables. Beams are epoxy powder coated gray, white or anthracite color. Supporting legs for 50x50 section tubular fittings painted with epoxy powders grey, white or anthracite color and equipped with leveling foot.

Desks

Modesty panel available for application in the desks of the various lengths in melamine thickness 18 mm.

Load-bearing drawer for desks, return desks and workstations

Load-bearing drawers consisting of base, top, sides and back made of wood conglomerate, formaldehyde release class E1, thickness mm 18 and covered with high-strength melamine paper ABS mm 0.4 thick perimeter edging.

The fronts are made of wood conglomerate, class E1 formaldehyde release, thickness mm 18 and covered with high-strength melamine paper ABS mm 1 thick perimeter edging.

The inside of the melamine drawer is coated with an aluminium grey PVC finish and has guided anti corrosion trated metal runner.

The bottom is in MDF mm 3 thick. Drawers can be equipped with soft closing (optional).

La cassettera è dotata di 4 piedini regolabili ed è fornita di serratura con chiave pieghevole in duplice copia e chiusura simultanea dei cassetti.

Maniglie in plastica colore grigio di serie. (Disponibili ulteriori maniglie opzionali). Gamboni portanti per raccordi, appendici e penisole in tubolare sezione 50x50 verniciati a polveri epossidiche colore grigio, bianco o antracite e dotati di piedino livellatore.

Schermi frontali di diverse tipologie, applicabili tramite staffe in lamiera piegata e verniciata, al sistema desk: In metacrilato dello spessore mm 4. In melaminico dello spessore mm 18 bordato in ABS mm 1 da tutti i lati. In materiale fonoassorbente spessore mm 18 rivestito in tessuto Trevira CS.

Cassettiera e mobile di servizio

Struttura costituita da base, cappello, fianchi e retro realizzata in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 0.4. Frontali in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 1, top in melaminico sp. mm 25 bordati in ABS sp. 1mm. Interno cassetto realizzato in conglomerato ligneo ricoperto in PVC grigio e fondo in MDF sp. 3mm. Sistema di scorrimento su guide metalliche, trattate anticorrosione, a rullo con cuscinetti in nylon, e arresto di fine corsa. I cassetti sono dotati di chiusura ammortizzata. La cassettera è dotata di vaschetta porta cancelleria, 4 ruote piroettanti diametro 65 con freno ed è fornita di serratura con chiave pieghevole in duplice copia e chiusura simultanea dei cassetti. Maniglie in plastica colore grigio di serie. (Disponibili ulteriori maniglie opzionali).

Mobili complanari

Realizzati in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 0,4. Giunzioni in metallo e piedini livellatori in PVC regolabili dall'interno del mobile tramite perno filettato in acciaio. Retro in conglomerato ligneo spessore mm 18. Ante in conglomerato ligneo, classe E1 di rilascio formaldeide, nello spessore mm 18 e rivestito con carta melaminica ad alta resistenza. Bordi perimetrali in ABS dello stesso colore spessore mm 1, cerniere in metallo fissate ai fianchi con basetta a triplice regolazione. Top in melaminico sp. mm 25-30 bordati in ABS sp. 2mm. Maniglie in plastica colore grigio di serie. (Disponibili ulteriori maniglie opzionali).

The drawer unit is equipped with 4 adjustable feet and is supplied with a lock with a folding key in duplicate copies for simultaneous closing of the drawers. The drawers can be equipped with soft closing (optional).

Structural legs for junctions, return desks, peninsulas or workstations in 70x30 mm tubular sectioned grey, white or anthracite epoxy powder coated steel equipped with a levelling foot.

Different types of front screens can be applied to the desk system by means of bent painted sheet metal bracket. In mm 6 thick methacrylate, in mm 18 thick melamine with mm 2 ABS edging on all sides, in mm 18 thick sound-absorbing material upholstered in Trevira CS fabric

Chest of drawers and service unit furniture

Structure consisting of base, top, sides and back made of wood conglomerate, formaldehyde release class E1, thickness mm 18 and covered with high-strength melamine paper. ABS mm 0.4 thick perimeter edging.

The fronts are made of wood conglomerate, class E1 formaldehyde release, thickness mm 18 and covered with high-strength melamine paper. ABS perimeter edges of the same color thickness mm 1, melamine top thickness mm 25 edged in ABS thickness mm 1.

Drawer interior made of wood conglomerate covered in gray PVC and bottom in mm 3 thick MDF and has guided anti corrosion trated metal runner. The drawers are equipped with soft closing.

The chest of drawers is equipped with stationery tray, 4 swivel castors diameter 65 with brake and is equipped with lock with folding key in duplicate and simultaneous closing of drawers. Grey color plastic handles are standard. (Additional optional handles available).

Coplanar furniture

Made of wood conglomerate, class E1 formaldehyde release, thickness mm 18 and covered with high-strength melamine paper. ABS mm 0.4 thick perimeter edging.

Metal joints and PVC leveling feet adjustable from inside the cabinet by steel threaded pin. Back in wood conglomerate mm 18 thick. Doors made of wood conglomerate, class E1 formaldehyde release, thickness mm 18 and covered with high-strength melamine paper. Perimeter edges in ABS of the same color thickness mm 1, metal hinges fixed to the sides with triple-adjustment base. Melamine tops mm 25-30 thick edged in mm 2 thick ABS.

Grey color plastic handles are standard. (Additional optional handles available).
